1. Referent memorandum has been reviewed by the Real Estate and Construction Division, Office of Logistics (RECD/OL), and discussed with the Procurement Management Staff, OL. Based on the historical evidence of the contractor's strong performance and in view of the results of recent competition for work of this type, it appears that adequate justification exists for a sole source contract in this case. (U)

2. It is requested that a copy of the determination and findings for sole source selection be forwarded with your request for delegation of authority. (U)
